- 1) Things that need to be talked about?? Policy & Procedure manual Needs Updating
There is no mention on Tic Toc or Instagram anywhere – STOP – We need to be aligned with policy & procedure before we go out and do things, Trusted Servants.
- 2) From my stand point I was helping because Facebook page was 1 year and 2 months neglected, I am willing to continue doing Facebook page. I have no interest in Tic Toc and will not be taking that over. When Policy & Procedure is updated, I will do Instagram page
- 3) I also feel the lines of positions are being blurred and it is very confusing
